- Full uniform to be worn unless Public Health Advice changes
- Shoes must be worn with the school uniform
- PE uniform is only to be worn on the day the students have PE

Reopening of our Schools (Department Document)

- Supporting and Promoting Good Hand Hygiene
- Enhanced Cleaning Regimes in our Schools
- Maintaining Physical Distancing in our School
- Purchase of PPE

Reopening Our Schools

The Roadmap for the Full Return to School

27th July 2020

We require that each student has in their locker... A bottle of hand sanitizer

A pack of wipes

A mask (to be stored in a resealable bag)

Face Coverings

- The updated advice from the HPSC to the Department of Education has recommended that face coverings should be worn by staff members where it is not possible to maintain a physical distance of 2 metres from other staff, parents, essential visitors or pupils. The Department has accepted this recommendation. Accordingly, it is now a requirement for face coverings to be worn by staff members where it is not possible to maintain a physical distance of 2 metres from other staff, parents, essential visitors or pupils.
- Therefore all staff and students are required to wear face coverings when social distancing cannot be maintained

earing a face covering protects others.

They help stop the spread of coronavirus and they are a way of showing we care about each other.

Why you should wear a face covering

COVID-19 is highly infectious and people can spread the virus without having the symptoms
carry some clean waterproof bags and use them to carry clean or used face coverings separately
wearing a cloth face covering helps people who do not know the virus from spreading it to others
clean your hands properly before you put it on

When to wear a face covering In indoor settings when staying 2 metres apart is difficult, like:

Travelling Visiting or meeting on public someone who is over transport 70 or more at risk carry some clean waterproof bags and use them to carry clean or used face coverings separately
clean your hands properly before you put it on
cover your mouth and nose and make sure there are no gaps
do not touch a face covering while wearing it - if you do, clean your hands properly
do not lower it to speak, eat, smoke or vape
if you need to take it off, put in a plastic bag and don't wear it again until it's washed
always take it off from behind your head or your ear, don't touch the front
wash it after use in a hot wash over 60 degrees with detergent

Not everyone can wear a face covering Face coverings are not needed for: > children under 13 > people who have breathing problems > people who have a disability that means using a face cov would be very difficult > some people, including people with dementia, may coverings strange or unsettling at first

For more advice on staying safe and to make a face covering, visit h

How to wear a face covering

Face Coverings – When PPE will be worn

- performing intimate care
- where a suspected case of COVID-19 is identified while the school is in operation
- where staff are particularly vulnerable to infection but are not in the list of those categorised as people in very high-risk groups, or may be living with people who are in a very high-risk category;
- administering first aid
- parent Teacher meetings

Important

• IMPORTANT: The purpose of wearing a mask is not to protect themselves...but to reduce onward transmission

 Face coverings should be stored in a space designated for each student that is separate from others when not being worn (e.g., in individually labelled containers or bags).

Important!

- Face coverings must be APPROPRIATE
- It cannot cause offence to another member of the school community

covering.
